

# Welcome to the TRAA

Dedication Today for Tomorrow

For the enhancement, protection and promotion of a viable, multi-species fishery within the Thames River watershed.

## Rod Building - Your First Time

7:00PM - Mondays, February 18 through March 11, 2019

This will be a series of informal, hands-on sessions that will result in a spinning or fly rod that you have assembled and finished yourself.

Note: It will be hover with green rectangle and text. All of these pictures will be hover like that

## TRAA Trout Hatchery

Brown Trout Eggs Arriving Soon!

The TRAA trout hatchery is a popular activity of the TRAA as it's a great teaching tool with regard to the life cycle of a trout. Those involved with the hatchery get to see firsthand the development stages of the egg and the fry before their final release destinations to area streams.

Volunteers attend to the operation every day to maintain the health and well-being of the trout. As the saying goes, many hands make light work.

## Stream Habitat Work Party

Took place on Saturday, October 13, 2018

A few TRAA members cleared a number of fallen trees and other blockages on October 13th.

Dan Shinkelshoek made a video of the proceedings and it's worth a look so click on the picture to view.

If you have further questions about TRAA stream habitat projects and events, please come out to the TRAA General Meeting on Wednesday, November 14th or Contact Us.

## Local Businesses Step Up to Help Out the TRAA

The support of the following area business people is much appreciated

Over the past couple of years the folks at Melchers Construction Ltd have offered up their beautiful boardroom for TRAA executive meetings. It's an ideal space with all the amenities required for us to accomplish all the "behind the scenes" work of the TRAA. Many thanks go out to the continued support of Melchers Construction Ltd.

Members of the trout hatchery rotation know the woes we've had with lighting in the hatchery. Even with larger fixtures installed a few years ago, it was still frustrating with its dull flicker. Enter Mike Jeffries of Guillevin Greentech in London with nice set of bright and dependable (and new!) LED fixtures. Once they were installed it was like working in well-appointed laboratory.

The TRAA voted unanimously to re-name the TRAA trout hatchery honouring Keith Wales' memory and his unselfish support of the TRAA's work in the London area, in particular Komoka Creek. Special thanks go out to Muma Manufacturing in St. Thomas for donating the beautiful laser-cut aluminum sign.

After cleaning up the area around the TRAA shed and trout hatchery, our trailer was quite full and needed to be emptied. A big 'thank you' goes out to Rick Vandersluis and Mike Seabrook of Try Recycling who allowed the TRAA to empty the trailer at their facility free of charge.

Before we could take the trailer to Try Recycling, we needed to get the spare tire for the trailer fixed. Pat Devincenzo, proprietor of Angling Sports, offered to get it repaired. Turns out the tire needed replacing and Pat took care of it. Angling Sports also supplied cards for all TRAA members that entitle them to a discount equal to the tax on anything in the store. Thanks Pat, your generosity is greatly appreciated.
