

TRAA Newsletters

Newsletters have evolved over the years.

The first newsletters were banged out manually on a typewriter and then copied about 100 times for distribution. These initial efforts were simple (no pictures or colour!) but they did the job.

The latest versions are electronic, emailed to members and other TRAA friends. They feature nice formatting, pictures and yes, colour!

The greatest challenge over the years has been getting editions published on time (or at all!). Such is life within a volunteer organization like the TRAA; you have to focus your energies on where they are most effective and a newsletter falls further down that priority list.

Take a stroll down memory lane by browsing through the TRAA Newsletter archive ...

and if you have copies of TRAA newsletters that you don't see listed below, please forward a copy to us by email or bring it to any TRAA event.

TRAA Links

Sites of Interest to the 'ConserFishinist'

Conservation

- [Carolinian Canada](#) - Carolinian Canada's diverse network advances a strategic 'Big Picture' vision for healthy landscapes and a green future in Canada's deep south.
- [Friends of the Thames / Thames River Cleanup](#) - The Friends of the Thames has been organising and promoting the Annual Thames River Cleanup every spring for the past 14 years.Environmentally concerned volunteers, landowners, clubs, organizations and municipalities have come together during Earth week to help clean up portions of the Thames River watershed areas.Check out their [Contacts](#) page to find out who or what organization is cleaning up your favourite section of the Thames River.
- [Nature London](#) - [Nature London](#) undertakes a variety of projects to promote environmental awareness, enhance habitat and protect natural areas. MFN members participate in the Christmas Bird Count, the annual Butterfly Count and other initiatives which encourage the study of local natural history.
- [North Shore Steelhead Association](#) - The primary concern of the founding members was the protection and enhancement of the north shore migratory Rainbow Trout (Steelhead) fishery, but their foresight led to the inclusion of all coldwater species in our constitution. This, by default, includes all species that use Lake Superior tributaries in their life cycle.
- [Ontario Streams](#) - To promote the protection and rehabilitation of Ontario's rivers and streams through education and community action.
- [Ontario Federation of Anglers and Hunters](#) - You may think you know who they are and what they do, but check the site, you may be surprised!
- [Trout Unlimited Canada](#) - To conserve, protect and restore Canada's freshwater resources and their

Conservation Authorities
